SYMBIOSIS INSTITUTE OF TECHNOLOGY, NAGPUR

Symbiosis International (Deemed University)

(Established under section 3 of the UGC Act, 1956)

Re-accredited by NAAC with 'A++' Grade | Awarded Category - I by UGC

Founder: Prof. Dr. S. B. Mujumdar, M. Sc., Ph. D. (Awarded Padma Bhushan and Padma Shri by President of India)

Practical No.: 8

Aim –

To access and validate form fields using JavaScript events and design a Gym Admission Registration Form with live input validation.

Software/Tools Required –

- VSCode
- Chrome
- HTML5
- CSS3
- Javascript (ES6)

Experiment Program Code –

```
<!DOCTYPE html>
<html lang="en">
<head>

Conclusion –

In this experiment, a Gym Admission Registration Form was designed using HTML, CSS and JavaScript. Form fields were accessed and manipulated using the DOM. JavaScript events such as input, change, focus, blur and submit were used to perform live form validation. Invalid inputs were identified and appropriate messages were displayed to the user. The experiment demonstrated the practical use of JavaScript events and form validation for creating interactive web forms.
